

Frame (Receiver);

The frames are made of one single piece which is called monoblock. The frames consisting of one piece are produced from **"WROUGHT STEEL"**. Beside **WROUGHT STEEL** monoblock frame, at the same time it has

"JAW INSERT"

which is the most robust locking system in the world.

"FIAS-CESA"

is the only company who produces

"WROUGHT STEEL"

monoblock frame. Thus our shotguns are guaranteed for

"10.000"

cartridge shots...
